- Once all of the archers have shot their arrow. All of the archers will go down to their target with their group to score and pull arrows. Once this has been done. All groups will advance to their next target.
- Once an archer shoots his/her first round. They can re-shoot a round for an additional \$25 per round. No limit on the re-shoots as long as time permits.

A bounce back may be scored if the score can be **agreed upon** by a majority of the archers in the group. If a member of the group other than the archer witnesses the bounce back and the **group cannot agree**, the archer may re-shoot the target before the group advances to score the target.
